ARNAB MITRA

TECH TEAM INTERN

PROFILE

Highly motivated and diligent Advance Networking & Cyber Security student at Brainware University with a solid academic foundation in computer networking, cybersecurity principles, and system administration. I aim to leverage my technical knowledge, analytical thinking, and commitment to continuous learning to contribute meaningfully as a Tech Team Intern at Creatiq Media, while gaining valuable industry exposure and enhancing my professional competencies.

EDUCATION

BRAINWARE UNIVERSITY- B.Sc(H) Advance Networking & Cyber Security
[2023 – 2027]

SGPA: 9.90/10
COURSEWORK: Network Administration, VAPT, WAPT, Windows Server Administration (2016), Linux Administration (RHEL 8/9,), DBMS(MySQL)

NCP MANMATHANATH HIGH SCHOOL- HIGHER SECONDARY
[2020 – 2022]

STREAM: SCIENCE (PHY, CHEM, MATH)

CORE COMPETENCIES

- Network Administration
- Windows Server Administration
- Linux Administration (RHEL 8/9)
- Vulnerability Analysis & Penetration Testing
- Programming (Python)
- Log Analysis & Report Writing & Documentation
- Operating System: Windows, KALI, RHEL8/9

CERTIFICATIONS

- ✓ **Ethical Hacking & Network Penetration Testing** – Indian School of Ethical Hacking
- ✓ **CCNA Trained** – Cisco Networking Academy(NetAcad)
- ✓ **Associate in Cybersecurity** – Fortinet (FortiGate)
- ✓ **Ethical Hacking** – NPTEL

PROJECTS

- ✓ **Automatic Network Topology Generation Tool:** Generate network topology automatically by parsing router's configuration file.
- ✓ **Malware Detection Using On-Device ML (In Progress):** Developing a malware detection application that leverages a locally deployed machine learning model to identify malicious files and enhance device security without relying on cloud resources.

ACHIEVEMENT

Top 1% globally on TryHackMe, demonstrating advanced skills in penetration testing
